

MASTERS OF SOCIAL WORK PROGRAM
ASSESSMENT OF STUDENT LEARNING OUTCOMES

COMPLETED ON 9/30/15

**Advanced Assessment for Spring 2015 Graduates
&
Foundation Assessment for Students Completing
Foundation Practicum Spring 2015**

Form AS 4 (M)

Council on Social Work Education (CSWE) Accreditation Standards:

4.0.2 *The program provides summary data and outcomes for the assessment of each of its competencies, identifying the percentage of students achieving the benchmark.*

4.0.4 *The program uses Form AS 4 (B) and/or AS 4 (M) to report assessment outcomes to its constituents and the public on its website and routinely up-dates (minimally every 2 years) these postings.*

Description:

All Council on Social Work Education programs measure and report student learning outcomes. Students are assessed on their mastery of the competencies that comprise the accreditation standards of the Council on Social Work Education. These competencies are dimensions of social work practice that all social workers are expected to master during their professional training. A measurement benchmark is set by the social work programs for each competency. An assessment score at or above that benchmark is considered by the program to represent mastery of that particular competency.

Description of Data in Tables:

Competencies are measure by assessing each graduate's self assessment of required practice behaviors for each competency when completing the foundation curriculum and when completing the Advanced Curriculum. Further each student's competency on the required practice behaviors is assessed at both points by their field practicum supervisor. The practice behaviors are assessed on a 0-6 scale where 0=unprepared, 3=appropriately prepared for entry level practice, and 6=outstanding preparation. The benchmark set by the program is that 95% or more of our students will have mastered the competencies at a level of 3.0 which is appropriately prepared for entry level practice. Mastery of each competency is assessed by averaging the student and supervisor assessments across all practice behaviors for the competency and then comparing that average to the benchmark. The student self assessment, the supervisor assessment and the combined or overall data is presented regarding the percentage of students meeting the competency. We report the assessment information for both our foundation generalist curriculum (first half of curriculum and for our advanced curriculum (second half of curriculum). Finally we share the mean scores for each competency.

COMPETENCY	COMPETENCY BENCHMARK	PERCENTAGE OF STUDENTS ACHIEVING BENCHMARK	
		Generalist FOUNDATION (Foundation Curriculum)	Clinical CONCENTRATION (Advanced Curriculum)
1. Identify as a Professional Social Worker	95%	supervisors=100% students=100% overall=100%	supervisors=100% students=100% overall=100%
2. Apply Ethical Principles	95%	supervisors=97% students=97% overall=97%	supervisors=100% students=100% overall=100%
3. Apply Critical Thinking	95%	supervisors=100% students=100% overall=100%	supervisors=100% students=100% overall=100%
4. Engage Diversity in Practice	95%	supervisors=97% students=97% overall=97%	supervisors=100% students=100% overall=100%
5. Advance Human Rights/ Social and Economic Justice	95%	supervisors=100% students=100% overall=100%	supervisors=100% students=100% overall=100%
6. Engage Research Informed Practice/ Practice Informed Research	95%	supervisors=94% students=94% overall=94%	supervisors=100% students=98% overall=100%
7. Apply Human Behavior Knowledge	95%	supervisors=97% students=100% overall=100%	supervisors=98% students=100% overall=100%
8. Engage Policy Practice to Advance Well- Being and Deliver Services	95%	supervisors=91% students=89% overall=90%	supervisors=96% students=96% overall=96%
9. Respond to Practice Contexts	95%	supervisors=97% students=97% overall=97%	supervisors=100% students=98% overall=100%
