

Changes from today's meeting are in red  
Recent changes from the Pass/Fail Policy are in blue

## NOTES:

There are 69 days of classes (no change from the original calendar)

**Number of meetings for each day of the week** (it was 13 Mondays, 14 Wednesdays, no other changes):

14 Mondays  
14 Tuesdays  
13 Wednesdays  
14 Thursdays  
14 Fridays

Because of the "mental health day" – we still need to have Tuesday, February 16<sup>th</sup> follow a Monday schedule. If not, we end up with 15 Tuesdays, 13 Mondays, and 13 Wednesdays. This is a problem for classes that meet just once a week (such a labs). I left the switch as Tuesday becomes Monday because that is what people are used to and what is already on the calendar.

**Session A and B** (the number of days in each session is NOT changed)

Session A: 33 days total

Session B: 36 days total
