Employee Recognition

Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values.

Jessica Tansey

Division of Graduate and Continuing Education

I would like to recognize Jessi Tansey for her leadership in DGCE. During a period of significant transition, Jessi has worked to make sure all students continue to be supported, and that institutional efforts are made to recognize the significant impact graduate and non-traditional students have on the university. Jessi is known to be a dedicated and talented Westfield State employee, and as someone who works hard to both identify and overcome the challenges DGCE students face. She offers her support to other areas and proudly represents the university as an alum and as a department leader.
